ON a Report, dated 21st December, 1895, from the Minister of the Interior, stating that the British Columbia Drainage and Dyking Company, as the successors of Messrs. Nathan and Mohun, have been authorized under the several Orders in Council in that behalf to purchase a tract of about 15,000 acres in extent known as the Pitt River Meadows, at the rate of \$5.75 per acre, so soon as they shall have reclaimed these lands by dyking and drainage.

The Minister states that by an Order in Council of the 7th March, 1893, for the reasons therein stated, this company was required to consent to the inclusion of that portion of the lands lying south of the Lillooet River, and containing about 2,034 acres, in the reclamation scheme of the Maple Ridge Dyking Commissioners who were dyking and draining certain adjacent lands under the provisions of The British Columbia Drainage, Dyking and Irrigation Act of 1894. A question thereupon arose as to the power of commissioners working under a Provincial Statute to levy assessments upon Dominion lands, and the Minister of Justice expressed the opinion that assessments to defray the cost of dyking which might be levied upon any lands brought under the operation of the said British Columbia Drainage Act, would constitute a tax within the meaning of section 125 of The British North America Act. An Order in Council was therefore passed on the 13th July, 1895, permitting the British Columbia Drainage and Dyking Company to make a division of the tract of 2,034 acres lying south of the Lillooet River, amongst its shareholders for the purpose of enabling them individually to bring these lands under the operation of the local Drainage Act. By that Order in Council the Minister of the Interior was authorized to convey to such shareholders, individually, without waiting for the completion of the drainage, such portions of the tract in question as may fall to them respectively, upon filing in the Department of the Interior, certified copies of resolutions, under the seal of the company, duly authorizing the division of the said 2,034 acres as well as conveyances executed in proper form by the company to each individual purchaser, as aforesaid, and upon payment of the price originally stipulated, namely, \$5.75 per acre.

The Minister further states that it has been represented to him that in the reclamation of the said 2,034 acres the Maple Ridge Dyking Commissioners have expended a very large sum of money in erecting a dyke, which, however, was found insufficient to protect the land against the floods of 1894; that an additional expenditure of about \$46,000 has been found necessary to further raise the dyke, and that on account of this heavy expenditure it has been found necessary to greatly increase the rate of the assessments levied by the Commissioners. The President of the British Columbia Drainage and Dyking Company therefore, acting on behalf of the shareholders of that Company amongst whom the said 2,034 acres have been divided, and on whom the burden of the increased assessments falls, asks that the price of these lands be reduced to \$1 an acre.

The Minister is of opinion that, in view of the position in which the shareholders of the British Columbia Drainage and Dyking Company find themselves, as above stated, and also of the fact that the price of Dominion lands in the New Westminster District, which was \$5 per acre when the Company tendered for the Pitt River Meadow lands, has been reduced by an Order in Council of the 11th July, 1895, to \$1 an acre, this application is deserving of favourable consideration, he therefore recommends that the Order in Council of the 13th July, 1895, be amended by reducing the price of that portion of the tract to be reclaimed, lying south of the Lillooet River, as shown coloured green on the annexed map, and containing about 2,034 acres, from \$5.75 to \$1 per acre.

The Committee submit the above for Your Excellency's approval.

*Clerk of the Privy Council.*
